EDUCATION

Bachelor of Technology

Parul University, Vadodara, Gujarat Duration: 2022 - 2026

High School

A B Higher Secondary School, Navsari, Gujarat Duration: 2021 – 2022

SUMMARY

Aspiring Full-Stack Developer Aspiring Android Developer with a passion for building impactful digital solutions. Skilled in creating efficient, user-friendly mobile applications that deliver seamless user experiences. Eager to embrace emerging technologies, collaborate with forward-thinking teams, and contribute to real-world projects that make a difference..

PROJECTS

[SAHAYAK](#) (Sep 2024 - Jan 2025)

The Sahayak Disaster Detection and Management System is a cutting-edge platform designed to mitigate the impact of disasters through the integration of advanced technology and robust management strategies. This system offers real-time disaster detection, comprehensive planning tools, and efficient communication channels to connect individuals with rescue organizations. By leveraging deep learning models with 98% accuracy, Sahayak ensures prompt identification of disasters and equips users with actionable tools for immediate response. Its user-centric design and reliable features make it an indispensable asset for disaster resilience.

[CineIno: EntertainmentAPP](#) (Nov 2022 – Dec 2022)

A sleek and user-friendly Android app that provides reviews and detailed information about the latest movies. Users can explore trending films, read summaries and ratings, and stay updated with the newest releases—all in one place.

[Finance Tracker](#) (April 2025 – May 2025)

This finance tracker app is designed to help users take control of their daily spending and manage their finances more effectively. With a clean and intuitive interface, users can easily add and categorize their expenses, track their daily, weekly, or monthly spending habits, and set budget goals. The app features interactive charts and visual summaries that provide clear insights into where money is going, making it easier to identify spending patterns and make informed financial decisions

[Voucher Swap](#) (Jan 2025 – Feb 2025)

VoucherSwap is a smart app that lets you buy, sell, and redeem gift vouchers easily. Turn your unused vouchers into value or grab deals from others at a lower price. Earn points by playing fun games and use those points to redeem vouchers. Simple, secure, and rewarding – make every voucher count with VoucherSwap
